Approved Assembly and Installation Drawings

Document Reference	Revision / Issue Date	Title / Contents
ALXELITE358	01/01/23	Installation Instructions - Protek Elite 358
ALXELITE868	01/01/23	Installation Instructions - Protek Elite 868
SR1-358 (36 pages)	05/01/23	Protek 358 SR1 Assembly
SR1-868 (25 pages)	30/06/22	Protek Twinwire 868 Assembly

Notes:

1. The 'angles in fence line' define the range of angles covered by the scope. These are measured between the attack faces of two adjacent fence panels.
2. The fencing system is available in configurations to suit either surface mounting onto hard surfaces or embedding within concrete foundations placed in the ground. It is important to ensure that the local ground onto/into which the fence is installed offers compatible strength.
3. The fencing systems should only be constructed and installed in accordance with the documents listed in the appropriate table titled Approved Assembly and Installation Drawings, only using appropriate components supplied by Alexandra Security Limited.
