

# Palisade Bespoke Gates

Hinge Detail

## Palisade *Bespoke Gates* *Double Leaf and Single Leaf*

We manufacture Palisade gates to your bespoke size. Hinges are inverted on all gates to prevent lift off. Double leaf gates come complete with drop-bolts and ground sockets and single leaf gates can have drop-bolts added as an extra at the manufacturing stage. All gates come with a padlockable slide-latch.

### Product and Finish Standards

Finish is either hot dip galvanised to BS EN ISO 1461 or galvanised and polyester powder coated to BS EN 13438.

### Options

Please refer to our Palisade specification sheet for details on the range of pale styles. Rotating Anti-Climb and Razor Wire can be fitted with bolt on brackets for additional security.

Padlockable Drop Bolt  
(on reverse of gate)

### Suitable For:

*Industrial and commercial premises, electricity sub stations, gas installations, LPG installations, Research laboratories, Fuel terminals, Data centres, Sewage and water treatment plants, Railways and motorways, Police stations and courts.*
